Access and support

Support for people over 65 and
First Nations people over 50.

riac.org.au

RIAC offers crucial support to people over 65 (over 50 for First Nations people), focusing on empowering them to live independently and safely in their homes and communities through its Access and Support Program.

We provide free, confidential, and independent assistance to help you connect with services. Whether it's understanding the My Aged Care process, applying for Home Care Packages, or assistance with everyday needs and paperwork, our team is here for you.

From navigating the registration process to liaising with service providers, our Access and Support team is dedicated to meeting your needs and enhancing your independence.

Our Access and Support Program is available across the Local Government Areas of Greater Bendigo, Loddon, Gannawarra, Swan Hill, Mildura, Central Goldfields, Campaspe, Mount Alexander and Macedon Ranges.

While we assist a broad range of clients, please note that people with Home Care Packages or a case manager are not eligible for this program. We encourage you to contact your case manager or My Aged Care for assistance.

Visit our website www.riac.org.au for more information.
